## To the HCYP Basketball Family:

As we announced on January 6, the 2021 Winter Season for HCYP Recreation Basketball has been cancelled due to the unavailability of the school gyms for basketball activities and the continued health concerns and precautions related to the Covid pandemic.

***Anyone who registered for any of the 2020-2021 Winter HCYP Basketball recreation leagues can receive a Full Refund for their paid registration. See Instructions Below.***

Since the 2020-2021 Winter Recreation Basketball Season has been cancelled, HCYP Basketball has opened its **2021-2022 Winter Basketball Season**. All registrants for the cancelled 2020-2021 season may keep their slot for the same price for next season. If you would like this option, you need do nothing... your slot for next season is already reserved in the next year's grade level. HCYP Basketball is getting ahead of the curve for the next season and will introduce a new system for recreation basketball play for all grade levels, as well as new partnerships to expand community involvement.

We are confident that we will start emerging from the pandemic by this summer, and indoor sports will resume, albeit with rightful precautions, by the fall. Our intent is to offer a new and innovative recreation basketball experience for the Howard County youth community and their families at the current low prices offered this year. We will continue to communicate new developments with you all the way up to next season as we all navigate this challenging time. Looking forward to seeing you on the courts! Be safe and be at peace....
